

A young woman with dark, curly hair is sitting at a desk in a bright, modern office or library setting. She is looking intently at a laptop screen. She is wearing a blue t-shirt under a maroon cardigan. Her hands are on the laptop keyboard. The background is slightly blurred, showing other people and large windows.

## Access the UK tertiary education market with Jisc

## We're on a mission to improve lives through the digital transformation of education and research

**Jisc is the UK's leading digital, data, and technology agency focused on tertiary education, research, and innovation.**

As a not-for-profit organisation, we believe that technology transforms education and research, improving lives in the process.

Supported by core funding from UK higher education and further education funding bodies as well as membership subscriptions, we provide managed and brokered products and services. These are enhanced with expertise and insights, to enable digital transformation of education and research for all our customers.

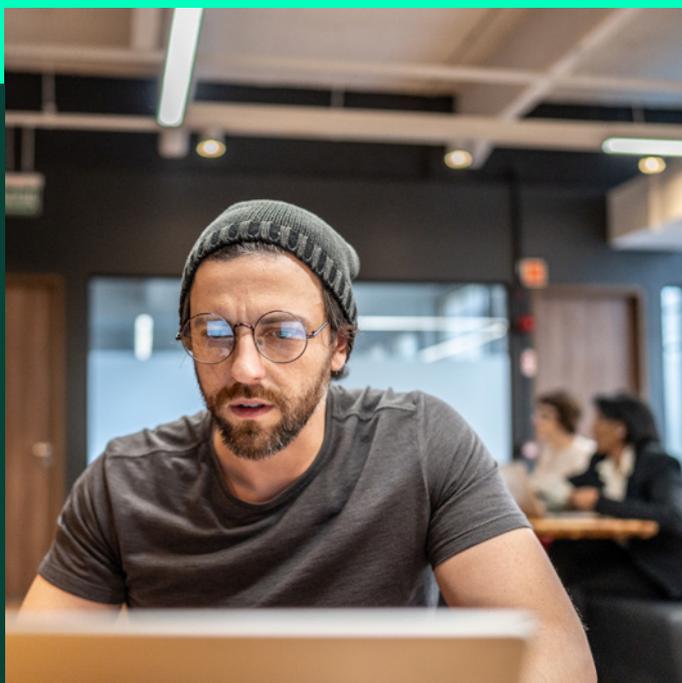

### Our customers

- UK higher education (HE)
- UK further education and skills (FE)
- UK research and innovation organisations
- Independent education, schools and academy trusts
- Private independent universities and colleges
- Charities

## Licencing negotiations

Jisc has established over 300 agreements with leading software and content vendors, offering a wide range of high-quality solutions that support our customers research, teaching, learning, and organisational goals. We facilitate the integration of your products to meet the evolving needs of our customers.

Our agreements span software and services from vendors such as Microsoft, Adobe, Lumivero, ESRI, Snow, Tanium and others. Our agreements can help with specialist areas including GIS, statistics, data analysis and cyber security. All software agreements are available to our customers via the Chest website. Please visit [chest.ac.uk](https://chest.ac.uk) to find out more.

300+ agreements

## Why choose Jisc?

Collaborating with Jisc will give you access to the UK's education and research sector, to build strong, longer-term relationships and position your company as a trusted provider to these institutions.

Working with Jisc offers significant benefits:

- **Access the UK education and research market:** Reach more than 500 HE and FE institutions, research bodies, and educational providers. Our comprehensive knowledge of their needs ensures your products are positioned to solve their real-world challenges.
- **Sector trust:** Jisc is trusted by its customers to secure the best possible agreements, saving them time and money. When you collaborate with Jisc, you gain access to potential customers who may not have the time or resource to negotiate or who prefer the assurances of a Jisc negotiated agreement.
- **Simplified process:** Our centralised ordering and invoicing system streamlines the purchasing process for both vendors and customers, reducing effort and improving efficiency.
- **Trusted, simplified terms and conditions:** Our tried-and-tested terms and conditions make it easier for institutions to adopt your products quickly, reducing procurement complexities and speeding up legal approval, allowing faster decision-making.
- **Comprehensive promotion:** Work with us to include your solutions in our marketing, raising the profile of the offer to our audiences and generating quality engagement through our channels.

500+ HE and FE institutions
